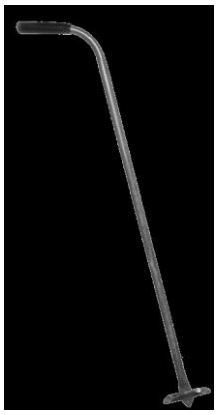
Kitchen Caddy Sold Out



Kitchen Caddy
$7

Easily collect kitchen waste and transport it to your compost bin with this convenient kitchen caddy.

When the ergonomic handle is fully up or down, it creates a tight compression closure to seal in odors and secure contents while carrying.

Compost Bin
$49

Effective and simple to use, this $100 value is a great way of turning most kitchen and garden waste into a rich and powerful soil conditioner.

Strong, durable construction. Windproof lid. Wide top opening and convenient side harvest hatch.

Compost Turner $15

Maximize composting efficiency by burning the pile occasionally with this easy and effective compost turner.
Simply plunge and life - the retracting propeller-like fins fold in for easy plunging, then fold out and turn the pile as you lift.

Rain Barrel
$59

Minimize water bills and help reduce excess runoff with this robust and attractive $120 value rain barrel.
Just fill a watering can or attach a hose to the supplied spigot. Multiple barrels can be linked. Child-safe lid. Made of minimum 75% recycled content.

Madison County Department of Solid Waste
PO Box 27 Wampsville, N.Y. 13162

315-361-8408

The landfill is located 3 miles south from the Wampsville traffic light on Route 5. There is a sign for the landfill on Buyea Rd.
