A-2: The Committee reviewed the Revised Draft of the Broadband RFP. There were several small changes and revisions requested to enhance clarity and define intent. DiVeronica made a MOTION and Bradstreet seconded to send these revisions to Bill Buchan so that he can update the document and forward it to Laurie Winters, who will get it posted as a DRAFT RFP. MOTION carried 4/0/0 at 12:48 P.M. There was discussion reviewing the timeframe (as set forth in the November 26, 2018 minutes) as follows: meeting today to review and amend the draft, Bill to make the changes and release it (as a DRAFT RFP) for posting by Laurie Winters on or about the 3rd/4th of January for a period of 45 days; then following the comment period, prepare, approve and submit the FINAL RFP to purchasing for publishing.

A-3: Shwartz and Scimone reported on information learned from a conference call with Tom Congdon: Public Service Commission – NYS Department of Public Service. (DPS)

1) Each town with a franchise agreement in place should be able to request a map regarding service in their community. There is a DPS regulation for that purpose. Melissa Martel Felton will follow up with Mr. Congdon to get more information on how to obtain a copy of this regulation and how it may be helpful to Madison County.

2) There are numerous law-suits currently occurring between PSC and Charter Spectrum regarding Charter’s failure to fulfill its agreement with the PSC to add 145,000 new passings in Upstate NY and its false advertising claims. The DPS staff continues to press for enforcement of the law and of Charter’s expanded service commitments made as part of their original agreement with NYS.

3) Proprietary information by service providers and vendors is NOT unusual.

Jeff Nordhaus may be able to provide data on existing infrastructure. Mark Scimone will check on this today.

Lutwak suggested taking what we have learned and use it to refine and enhance the language in the collective franchise agreement.

Lutwak noted that Rochester is one of the test sites for 5G right now. He contends that this is very good for New York and could be a huge game-changer for us in the future.

The next meeting is tentatively set for January 22, 2018 at 9:30 A.M. in COB Conference Room #250.

The meeting was adjourned on a MOTION by DiVeronica and seconded by Bradstreet at 1:02 P.M. 5/0/0

Respectfully submitted: Gwen Williamson

Social Services
Commissioner Fitzgerald presented the Expenditure and Refund Summary. At this point Social Services is within limits.

Commissioner Fitzgerald reported that Supplemental Nutrition Assistance Program (SNAP, formerly known as Food Stamps) benefits are being impacted by the federal government shutdown. The roughly 4,000 households containing about 6,500 county residents received their February benefits last week, nearly two weeks ahead of the earliest issuance date. It is critical that recipients, many of whom are elderly, disabled or working parents, understand that the early issuance is intended to cover all their food needs for the entire month of February. Further, Commissioner Fitzgerald told the Health and Human Services Committee that the month of March is still largely unknown. If the federal government remains in shutdown status, there will be no benefits issued to eligible households. The loss in benefits to Madison County residents is estimated to be $1 million per month. If the shutdown continues into March, families that have food emergencies would have to come to DSS in Wampsville and apply for cash assistance to sustain their families.
The cash assistance would likely have no federal match due to the shutdown. State agencies are coordinating with the federal authorities and hopefully the shutdown is resolved before we get to March.

Commissioner Fitzgerald noted that at the February meeting, Tina Louis, Director, Youth Bureau and Melissa Maine, Deputy Commissioner for Family Services will provide a presentation outlining their services.

Present:
Committee: Cliff Moses, Joe Magliocca, and John Reinhardt
Absent: Dave Jones, and Bill Zupan
County Staff: Karin Bump, Cindy Edick, Jenn Farwell, Samantha Field, Melissa Martel Felton, Scott Flaherty, KippHicks, Scott Ingmire, Becky Marsala, Sebastian Piedmont, Tom Reichel, Mark Scimone(10:56), and Gwen Williamson

Meeting called to order at 10:32 P.M. by Moses.

A-1: The Committee unanimously approved the December 4th 2018 and January 3rd 2019 meeting minutes on a **MOTION** by Reinhardt and seconded by Magliocca at 10:33 A.M. 3/0/0

A-2: Scott Ingmire presented the Sales Tax Update as provided by Cindy Edick. The Actual Sales Tax Receipts data shows a deficit of approximately .67 percent for the year. Cindy sent an explanation for this decrease noting that there was a prior period adjustment in 2017 of $1,597,227.00 resulting from an audit. The audit occurred in 2017 for the periods prior to 2013. While considering this adjustment, 2018 actually finished up in very good shape as compared to 2017.

A-3: Tom Reichel presented the Career Center Update. Unemployment started in January at 7.1 percent and dropped to only 4.4 percent in December of 2018. The center saw 7,431 visitors in 2018 per the 2018 Usage Overview Report. Reichel distributed the US Employment Snapshot which shows employment figures on a national basis.

A CFA grant has been awarded for $96,000.00 and will be used to provide specialized training for 19 people in the areas of heavy equipment operators and CDLB drivers. MVCC and BOCES will work together to provide the training. This is a phenomenal opportunity for free intensive training, at no cost to the trainee which will result in immediate employment. Tom expressed gratitude to Kipp Hicks for his help making this happen, and Hicks returned the praise to the Workforce Development team. The program will be for Central NY Counties and interested parties can call the Career Center. There will be a public release soon.

A-4: Kipp Hicks presented the IDA Update. Canastota Wind Power is working on upgrades and reopening the Fenner Wind Farm with updated turbines. PILOT agreements are in discussion with all parties involved. The City of Oneida is requesting additional funding for sewer extensions due to the original estimates for infrastructure being obsolete (and therefore too low). The IDA is working on funding opportunities to help bridge the gap. Hicks will be keeping his eye on the Governor's Executive Budget which just came out. It shows potential for large amounts to be allocated for infrastructure and high tech projects. The "Plastic and Waste Tires to Energy" project is still moving forward. Mike Magnusson of KJM will be working with the Village of Chittenango on certain revolving loan funds that need to be more active, to prevent these funds from being unused or reverting back to the State.
A-5: Karin Bump presented the CCE Update. Karin noted that the Governor’s Executive Budget included $4 million for Cornell Cooperative Extension in the past and they are requesting that amount to be doubled in the SUNY budget through County Law 224 – Aid to Localities for Cornell Cooperative Extension. This additional funding would allow each County to hire an additional educator. CCE is watching the legislative interest increase in all thing “hemp” related. There will be a “Wood Lot” workshop on Saturday at the Walrod Farm to highlight wood lots as a possible income source for struggling farms. There will an Agricultural Mental Health Awareness meeting on February 1st in Morrisville. (See CCE Facebook or Website for information). There are upcoming workshops on identifying welfare and neglect issues pertaining to livestock and farm animals. The workshop in February will focus on equine, and the one in March will be about dairy. CCE has contacted Ted Halpin to help organize training of emergency response teams and law officers who may be called to a farm in the event of an emergency.

Jennifer Farwell presented the AED Update. The AED is administering a “mini” grant they received from Chobani. They will be providing lessons and information to 10 chosen producers who will (upon completion of this training) receive $1500.00 each business to help them put these new skills into practice. AED held the first hemp growers meeting which had 98 attendees from 17 different counties. Three panelists spoke to help inform potential growers and provide accurate and real information and dispel any myths or unknowns about hemp production. CNY Hemp Processing had their ribbon cutting and they were selected to receive a CFA grant for expansion in 2020. There will be a new Statewide organizational agency for oversight regarding cannabis; similar to other “authority” organizations. There followed discussion regarding current and proposed legislation. There will be a meeting regarding Open Farm Day on February 12th to start planning for 2019 Open Farm Day to be held on July 27th.

A-6: Scott Flaherty presented the Tourism Update. Scott distributed a report showing the marketing traffic overview. The report contained graphs comparing 2017 targeted marketing results with 2018 results. Scott explained the tracking information as well as the various campaign topics; such as romance, weddings, meetings, and groups. A group handout was designed and shared that will be distributed at specific large events. Scott announced that yesterday was a meeting to work on the 5 year strategic plan. He said there were many interesting, exciting, and scary takeaways but it went well. One of the goals is to choose a new tag line that will lend itself to all facets of the marketing plan. Flaherty shared a few of the Food and Beverage 2.0 passports. There are 27 partners this time and it will be interesting to see how the sweepstakes component affects the project. Participants will still have discounts offered, but there is no purchase necessary to receive the stamps.

A-7: Scott Ingmire presented the Delphi Falls Update. A letter from the Office of Parks and Recreation was received regarding the grant. There will be a meeting set up with the trail design firm soon. Planning received a bill for County taxes due on the Delphi Falls property. Becky Marsala explained that the parcel was still in taxable status on March 1st. There was discussion on how to handle the bill and it was suggested that it get paid in full now, and a resolution could be considered to reimburse a portion back if appropriate.

Becky Marsala provided an update on a parcel in Madison (102-1-55) that she had brought before this committee at a prior meeting for consideration for inclusion in the auction. She contacted Joe Wisinski about it. He said it is an old gravel bed and the highway department will be doing a road project in that area and plans to pull gravel from there. It was determined that the parcel will not be included in the auction at this time.

A-8: The Committee authorized a resolution reappointing John Becker, Kipp Hicks, Scott Ingmire, Joseph Magliocca, Mary Ann Messinger, Cliff Moses, and Joseph Wisinski to the Central New York Regional Planning and Development Board on a MOTION by Magliocca and seconded by Reinhardt at 11:17 A.M., 3/0/0

A-9: The Committee approved a resolution authorizing submission of a grant application to the New York State Office of Community Renewal for Community Development Block Grant Funding on a MOTION by Magliocca and seconded by Moses at 11:18 A.M. 3/0/0
A-10: The Committee approved a resolution authorizing the Chairman to sign the Multi-jurisdictional Chief Elected Officials Agreement for the operation of programs funded under the Workforce Innovation and Opportunity Act (WIOA) for the Local Workforce Development Area of Herkimer, Madison & Oneida Counties on a MOTION by Reinhardt and seconded by Magliocca at 11:20 A.M 3/0/0

A-11: The Committee authorized a resolution adopting the inclusion of certain parcels of predominately agricultural land in Certified Agricultural Districts on a MOTION by Magliocca and seconded by Reinhardt at 11:21 A.M. 3/0/0

A-12: The Committee authorized a resolution appointing Steven J. Potter to the Madison County Industrial Development Agency on a MOTION by Reinhardt and seconded by Magliocca at 11:22 A.M. 3/0/0

A-13: Magliocca made a MOTION and Reinhardt seconded that all of the above resolutions are to be included in the preferred agenda with the possible exception of the agricultural district resolution depending on the recommendation of Cindy Urtz; motion carried at 11:23 A.M. 3/0/0

A-14: New Business: Scott Ingmire announced that the Buy Madison consultant will be coming to the next Planning Committee meeting on February 21st. After that meeting, a meeting with the Chambers in the county will take place to get the program moving forward.

A-15: The next scheduled meeting of the Planning Committee will be February 21, 2019 at 10:30 A.M. in the Supervisors’ Conference Room #250.

A-16: The meeting was adjourned on a MOTION by Reinhardt and seconded by Magliocca at 11:25 A.M.

VP Cary called the meeting to order at 6:30pm indicating that there was a quorum. The Board reviewed the December 2018 minutes. Motion to approve the minutes was made by Supervisor Stepanski, seconded by Dr. Barr, and approved by all.

Audit of Claims
The record of claims was distributed for review and discussion.
- This January has been slow, as purchasing was halted for the County in December.
- Not much has been paid out by the department
- Preschool – November and December bills are all in, we are catching up. A meeting later in the month allows for bills to get in
- Admin costs are up – over the night of 12/30 the vaccine fridge temperature dropped dramatically resulting in a loss of $40,000 in vaccines, $24,000 of which were purchased by the county. This is the 3rd time this has happened, though no reasonable explanation was found for the issue. We are looking into going into a 5-6 year cycle of new purchase of vaccine fridge – precautionary. A claim has been put into our insurance – still in process and we are waiting to hear back.

Madison County Department of Health – Large Conference Room

Respectfully submitted by Deanna Matt
Chairman John A. Reinhardt called the meeting to order at 9:02 a.m. in the Supervisors Small Conference Room.

I. Approval of Minutes:
   Motion by R. Bargabos to approve the minutes of the December 4, 2018 and December 18, 2018 meetings; second by Y. Nirelli. Motion unanimously carried.

II. County Clerk:
    Mortgage Tax Proposal
    With the expected increase in unfunded mandates from the State, County Clerk Mike Keville recommends acquiring funds through other means than increased property taxes. Keville would like the Board to consider a .25% County mortgage tax. If this tax was in place in 2018, it would have brought in approximately $459,000. This tax would be included with closing costs and provide long term property tax relief. County Administrator Mark Scimone stated that a mortgage tax proposal was looked at previously, but the Senate did not approve. Scimone will consult with NYSAC to see if these proposals are being currently being approved, and bring it back to committee for further discussion next month.

III. County Treasurer:
    2018 Sales Tax Report
    Treasurer Cindy Edick presented the analysis of the final sales tax receipts for 2018. The significant decrease in the December 13 distribution is due to the receipt of a $1,597,227 prior period adjustment that was received in 2017. According to the NYS Department of Taxation and Finance, this payment was the result of an audit that occurred in November 2017, and the adjustment was for periods prior to 2013. Despite this, 2018 receipts were only slightly under our receipts from 2017, and $29M is budget for 2019.

IV. Finance Director:
    Department Update
    Finance Director Lou Anne Randall reported that W-2s and W-9s have gone out. Work has begun on the AUD with plans to be finished by April. Finance will coordinate with the Treasurer to make sure everything is in before closing out 2018. Scimone stated that a meeting is scheduled for tomorrow with the State auditors to review their findings, and nothing major or fraudulent is expected. Degear will ask that the auditors site specific case law for items they deem a concern.

8. Modifying the 2019 adopted County budget (COB HVAC System)

   Discussion: Supervisor Bargabos questioned if the funds could be used in buildings other than the County Office Building if there is money left over. Edick will check into it and get back to the committee.

   Motion by Y. Nirelli to approve the resolution; seconded by C. Moses. Motion unanimously approved.

9. Authorizing the modification of the 2019 adopted County budget (County Buildings)

   Motion by R. Bargabos to approve the resolution; seconded by C. Moses. Motion unanimously approved.

VI. Other Committee Business:

County Facilities Projects

County Administrator Scimone provided a list of County facilities projects with estimated costs, funding source and priority that have been reviewed by Highway, Buildings and Grounds Committee. A storage building for voting machines, with an estimated cost of $500,000, is being postponed as the storage rental space at $2,500 per month is adequate at this time. This project will be revisited for 2020. Bargabos questioned where we are at with our statutory debt limit after projects. Edick stated we were at
approximately $276M at the end of 2017 and will email details to the Committee. The Committee approved budgeting for the proposed projects.

Jail Facility
Supervisor Moses discussed funding for a new jail facility. Degear stated that building a new jail facility is at least five years out and a regional facility may become an option. The proposed marijuana legislation could also provide jail funding if Madison County opts-in for the 2% tax.

Local Law #5 of 1984
The Committee discussed making adjustments to Madison County’s tax assessment policy which would require an amendment to Local Law #5 of 1984, A Local Law authorizing the County of Madison to Share in the expenses of Assessment Review Proceedings and Appeals. County Attorney Tina Wayland-Smith will be asked to bring a proposed Local Law to next Committee meeting. Mike Keville also mentioned the need for language in assessment laws to avoid lights off value of big box stores (Walmart, Lowe’s, etc.). He will provide information to all supervisors to consider at the town level. The Committee discussed the option of County-wide assessment. Degear stated that a study was done in the past, but it may be more beneficial as things change. The Board may want to look at this option again.
