Minutes:
The minutes of the February 21, 2019 meeting were unanimously approved on the motion of Supervisor Dan Degear and second of Chairman Pete Walrod.

District Attorney:
Chief Assistant District Attorney Robert Mascari presented the Bail, Arraignments & Centralized Arraignment Plan along with information on the number of arraignments in 2018, which totaled 450. After review and discussion, Supervisor Degear made a motion to approve the plan to be forwarded to the Board for adoption. Board Chairman Becker seconded the motion and it was unanimously carried.

The Committee unanimously approved the resolution on the motion of Walrod and second of Degear.
Adding Additional Electrical Work to the Site for the County Emergency Management Training Facility
The Committee unanimously approved the resolution on the motion of Degear and second of Corbin.

Probation:
Probation Director Joanne Miller reported that the department is fully staffed as of February. Two of their newest officers will be attending mandated probation officer fundamentals training. Probation Officer Dan Gilbert will be attending an Instructor Development Course in Onondaga County, a Defensive Tactics Instructor School in Monroe County and an Aerosol Spray Restraint Training.

Miller reported that Raise the Age juvenile numbers have been low so far. The arrest numbers for Madison County were actually up significantly during the first half of 2018, however after Raise the Age went into effect, numbers dropped dramatically. Miller reported that there is language in the Governor's proposed budget that would prohibit the placement of youth adjudicated as PINS. It was previously proposed that these youth could be placed, but at county expense. The language is now that there will be a prohibition of placement of PINS youth if the budget passes as currently written.

Legalization of marijuana does not seem as imminent as initially thought. The next legislation to likely have a significant impact on probation departments is the elimination of bail. This will likely result in many more people being placed on pre-trial supervision with probation. The department discontinued its electronic monitoring program several years ago, however it may be necessary to re-implement it if there are a high number of defendants released under Probation's supervision pending disposition of their cases. Miller is reluctant to re-start the program as she feels it gives a false sense of security.

Miller was nominated to the Vice President of the State Probation Director's Association. The election will occur at the June conference.

Sheriff's Office:
Sheriff Todd Hood presented the following resolutions to the Committee:

Authorizing Chairman to Modify and Extend Agreement with UMR

Authorizing the Modification of the 2019 Adopted County Budget – Vehicle Lease

In regards to resource officers in schools, Sheriff Todd Hood wanted to clarify that the schools are responsible for paying officers that work over eight hours a day. The County is only responsible for eight regular workday hours.
Executive Session:
    A motion was made by Board Chairman Becker to enter into executive session at 9:31 a.m. to discuss matters leading to the appointment, employment, promotion, demotion, discipline, suspension, dismissal or removal of a particular person. Approved on a MOTION by Reinhardt and seconded by Magliocca at 10:31 A.M. 3/0/0.

A-2: Cindy Edick presented the Sales Tax Update. The actual sales tax receipts through March 13, 2019 show an increase of 3.92% over 2018.

Edick out 10:32

A-3: Tom Reichel presented the Career Center Update. The Customer Use Report was reviewed and discussed. The unemployment rate is 5.5%. Tom said that the CFA grant funded training program is right on track with 19-20 people selected for the training. Reichel noted that CENSUS is looking for 400 part-time workers in Madison County. There will be a career fair coming up soon, details to be announced as they are available. Tom hasn’t heard from the greenhouse yet regarding any employment opportunities. Tom concluded by saying that every area of the economy needs workers right now.

A-4: Kipp Hicks presented the IDA Update. Hicks updated that the All Seasonings Company is doing very well and a new subordination request has come through for them in relation to our revolving loan with them. Kipp announced that the Green Empire Farms project is moving right along. There is an upcoming meeting for the Alliance for Economic Inclusion. The IDA application for Canastota Wind PILOT will be reviewed at the IDA board meeting next week. A commercial solar power producer contacted IDA regarding a utility investment for interconnection of local pump stations. The Peterboro/Canastota site was one of the locations picked. Hicks finished by saying that the next CFA (Consolidated Funding Application) Forum is April 2nd. Any company interested in applying is encouraged to contact Kipp.

A-5: Karin Bump presented the CCE Update. Karin distributed a hand-out outlining the internal plan of work at CCE. This report includes the mission, strategic priorities, and program plans through 2021. A second report highlighted specific programs and opportunities for impact to the farming community through a partnership with CNY Regional Team. Karin spoke about the Ag in Classroom project, which was a “pilot” program last year. The program did not receive requested funding but CCE is trying to maintain it as much as possible. Through the program, the book “On the Farm at the Market” is being read to school children (1,152 children just this week) and the program is expanding. Bump handed out a spreadsheet listing current programs, with plans of work and outcomes expected. A few that she brought special attention to are as follows:

- CCE is working with Ted Halpin on Emergency Response Team for Ag. Community development.
EDEN Certification Program has taken place; participants receive 10-15% off insurance rates.
- Farming for a New Generation (grant) is for matching people who want to farm with available farm land.
- Tax Credit for the Elderly (grant) provides free tax preparation for over 800 seniors in Madison County.

Karin explained that the list of Regional Team programs at the bottom of the spreadsheet has been expanded significantly. These teams are set up through Cornell.

CCE has been in discussion with Cazenovia and working on climate smart initiatives pertaining to agriculture. They have also been working on the Madison County Fair. They are trying to determine how to stimulate involvement. The Fair was awarded Federal funding through Ag. & Markets; $96,000.00 has been received and the same amount is yet to be received. The money is allocated for drainage, equipment, and animal barn improvements. There are three vacancies on the Fair Board. This fair is not well attended and it was suggested that Tourism may be able to help promote it. Moses suggested Karin meet with John Becker for his input.

A-6: Scott Ingmire presented the Tourism Update on behalf of Scott Flaherty. There are four advertising campaigns launching next week. The strategic plan is nearly finished and will be unveiled at the Annual Meeting and Membership Social on April 18th at the Cazenovia Hampton Inn.

Becky Marsala provided a report on Air Bnb. She had agreed to look into the accuracy of the New York State Hospitality and Tourism reports regarding Air Bnb properties in Madison County and their impact calculations. Becky’s staff did the research and found that of the 243 listings on the report, 44 were not located within Madison County, many listings were duplicated and some are already registered. She recalculated the number of properties to be 111, 62 of which are registered.

A-7: Scott Ingmire presented the Planning Update. Ingmire gave a quick report that the department is gearing up for several upcoming grants. Information will be relayed as things kick into gear.

A-8: The Committee authorized a resolution extending an agreement with EMJ Premier Services LLC on a MOTION by Magliocca and seconded by Reinhardt at 11:12 A.M. 3/0/0

A-9: The Committee approved a resolution authorizing an agreement with the New York Power Authority regarding “Reimagine the Canals” on a MOTION by Magliocca and seconded by Reinhardt at 11:14 A.M. 3/0/0

A-12 – Both of the above resolutions to be included in the preferred agenda.

A-11: The Habitat for Humanity, now defunct, has offered to give $100,000.00 to Madison County. The County is looking at legal possibilities on how to accept this funding and be the “pass-through” mechanism for projects with a similar purpose within Madison County.

A-13: There is no new business.

A-10: Mark Scimone stated that Pace Financing thanked the County for the feedback, and they have decided to NOT move forward with the funding for Cazenovia College.

A-14: The next scheduled Planning Committee meeting is April 18, 2019 at 10:30 A.M. in the Supervisor’s Conference Room #250.

A-15: The meeting was adjourned on a MOTION by Magliocca and seconded by Reinhardt at 11:18 A.M. 3/0/0

PRESENT:
Committee: Eve Ann Shwartz, Rocco DiVeronica and Joe Magliocca.
Absent: Roger Bradstreet and Dave Jones
County Staff: Melissa Martel Felton, Mark Scimone, and Gwen Williamson
Additional Present: Bill Buchan

Meeting called to order at 1:03 P.M. by Shwartz

MINUTES: The Committee unanimously approved the Feb 28, 2019 meeting minutes on a MOTION by DiVeronica and seconded by Magliocca at 1:03 P.M. 3/0/0

A-1: Bill Buchan shared the following information:

Mr. Michael VanDow, a professor at SUNY Cobleskill and Founder of SCHOPEG has been actively negotiating for public access. He has already done what we are starting. Some comments he made was that he organized 15 towns who agreed that they wanted change. He said to look for co-terminus dates. His negotiations started at 3% of basic cable and ended at 5% of gross revenues because of the group leverage. They hired professional consultants (FSI – municipal consultants in the Albany area) – who were three former and or retired PSC people. Their focus was on public access channels, which isn’t really our need. They did eventually get a map (extension of services) and their final best numbers for the franchise agreements was 20 houses per linear mile. He referred us to consult with his consultants, so that could be an option for us. The Committee agreed by consensus to direct Bill Buchan to contact the consultants and ask for a free initial meeting. Melissa received consensus from the Committee to reach out to our local attorneys to make them aware and informed on this issue. A letter will be drafted and sent to Eve Ann, Bill and Mark for review prior to sending. Buchan noted that according to the Cable Act, there must be franchise agreements. Magliocca commented that the City of Oneida’s shared revenues have been all over the board from 2011-2018.

A-2: Shwartz started discussion regarding holding a meeting with the supervisors from the affected municipalities to a meeting on April 9th. They need to know our objective and to be informed. There was a review of the franchise spreadsheet. There are six towns now that would be eligible for renewal. Melissa asked if it would be worth asking to renew the whole county at once, in one agreement. It may not be agreed to by the towns with the higher percentages already. Buchan reminded the Committee that “Schoharie tells us that leverage works!” Shwartz will try to get MCPLUS on the agenda for the Committee of the Whole on April 9, 2019 to talk about the RFP and franchise agreements. Melissa will update and rework the spreadsheet to be more concise and user-friendly. Melissa will send the updated spreadsheet to the supervisors prior to the meeting. Buchan said that negotiating for the whole County at once would not change the current structure; each town would still have their individual agreements, but terms would be negotiated at the same time.

A-3: An email was reviewed from Michael Weber of Scientel Solutions regarding questions about the RFP. The Committee’s response is for Madison County to remain transparent and equal in this process. It was not recommended to answer these questions except to say “make your proposal with whatever technology you are proposing”. Eve Ann will ask Laurie to respond that we are open to all proposals. Some of the specifics will become more apparent throughout the process, depending on who submits a proposal.
Letters were drafted and sent to Representative John Salka, Senator Rachel May and Ryan Moses regarding Frontier Telephone and Internet Service Issues in Madison County. Senator May as Chair of Rural Resources Committee promised to investigate the issue and Representative Salka will do whatever he can to help. Mark heard from Ryan that he is very busy right now but will look at it soon. It was noted that the Attorney General works on behalf of individuals, not municipalities. Eve Ann commented that the Syracuse office has been most helpful so far, at least by saying that they will work on this dispute.

New Business: Magliocca reported that some Spectrum customers should have gotten a large credit on their bill last month. There was an article regarding Spectrum offering a refund and also additional free services, but to get the additional incentives, you must call by May. Mark will put it up on the Facebook page if possible.

Next Meeting: Eve Ann wants to set a regular, consistent time for meetings. It was decided to have meetings the same day as the Planning Committee; on the 3rd (and sometimes the 4th) Thursdays. The next scheduled MCPLUS meeting will be April 18, 2019 at 1:00 P.M. Gwen will send a list of the meeting dates to the Committee for the rest of the year.

Meeting was adjourned on a MOTION by DiVeronica and seconded by Magliocca at 1:45 P.M.

The neighboring farmer was met with, and he was not on board with the proposed highway facility adjacent to his property. Heritage Farm Board members were present and gave a quick summary of their thoughts and concerns on the proposed facility. They stated they were first approached by Supervisor
Bono about the acquisition of 7 acres. They did not understand that the 7 acres would be added to the White Eagle property the county was proposing to purchase to make such a large facility. HF stated the entire goal of their program is to foster neighborhood relations and to preserve the agriculture. By them selling their property and allowing the proposed facility would be going against their mission statement. HF is not opposed to the sale but would like to gather more information. A motion was made by Vice Chairman Goldstein to approve the resolution, seconded by Supervisor Shwartz and carried unanimously.

Vice Chairman Goldstein asked about the recent merger between Family Counseling Services of Cortland County and Family & Children’s Society in Binghamton. Director Cook explained that
Family & Children’s Society is a private agency that FCS has taken leadership of. Supervisor Shwartz asked for an update regarding the Morrisville Family Counseling Services location. They are currently struggling to increase the number of clients seeking services and hiring staff at the Morrisville site. Committee members noted that the overall community is not aware of the services available at this location. County Administrator Mark Scimone offered for Family Counseling Services to share the information regarding the Morrisville office on the County Facebook page.

Director Cook announced the County will be issuing an RFP to provide substance abuse services in the jail. The Conference of Local Mental Hygiene Directors has advocated for funding in the state budget for this initiative, and there is currently one year of state aid allocated for jail substance abuse services. It is a joint project with the Sheriff’s Department. The contract will be held by the Mental Health Department.

Public Health
Director Eric Faisst presented the following resolutions to the Committee:

A motion was made by Supervisor Shwartz to approve the resolution, seconded by Supervisor Magliocca and carried unanimously.

Director Faisst introduced Erica Bryson, their new Health Statistician.

Shawn Prievo, Director of Administrative Services, noted that Public Health is in the process of preparing contracts for preschool services. Madison County’s rates for preschool services have remained the same since 2013. The rate is $50.00 for individual & $40.00 for group session. They are proposing that the rate remain the same for 2019-2020. Beginning in 2020-2021, the individual rate will increase to $52.50. The Health and Human Services Committee recommended that in the final year of the contract, 2021-2022, the rate be increased to $55.00 per session. Preschool services are for children age 3-5 and need to receive approval from a Pre-K specialist.

Director Faisst discussed the transportation model that Rural Health Council has presented to several groups. The model has been used in rural settings. It uses an app and volunteer drivers who receive mileage reimbursement for providing the transportation. Director Faisst will reach out to Bonnie Slocum, from the Rural Health Council, regarding attending the Board of Supervisors meeting in May.

Youth Bureau
Director Louis provided draft copy of Youth Development Funding Policy and Procedures for Committee members. As reported last month, the Youth Bureau receives $55,000 in funding
from Office of Children and Family Services for services for youth population. Eleven proposals were submitted and four did not receive approval. The full Board would need to discuss and make a decision regarding allocating county funding for these programs and if so the amount and whether there would be a cap on the funding. The Youth Bureau would want the funding to be awarded to year round programs. Director Louis will provide a list of funded agencies for 2019 at the April Health and Human Services Committee meeting. Director Louis was invited to attend the Committee of the Whole meeting in May to offer supporting information in their discussion on the possibility of added Youth Development program funding.

Finance, Ways and Means Committee
Meeting Minutes
March 28, 2019

PRESENT: Chairman John A. Reinhardt
Vice Chairwoman Yvonne Nirelli
Supervisor Richard Bargabos
Supervisor Clifford Moses
Supervisor Mary Cavanagh

ALSO: Board Chairman John Becker (9:20 a.m.)
Board Vice Chairman Dan Degear (9:20 a.m.)
County Administrator Mark Scimone (9:20 a.m.)
County Clerk Michael Keville
Treasurer Cindy Edick
Deputy Treasurer Rebecca Marsala
Finance Director Lou Anne Randall
Assistant Finance Director Keith Lummis
County Attorney Tina Wayland-Smith

Chairman John A. Reinhardt called the meeting to order at 9:00 a.m. in the Supervisors Small Conference Room.

I. Approval of Minutes:
   Motion by C. Moses to approve the minutes of the February 28, 2019 meeting; second by R. Bargabos.
   Motion unanimously carried.

II. County Clerk:
   Department Updates
   County Clerk Michael Keville presented a resolution for the adoption of the proposed Records Management Program. If approved, a Records Management Advisory Board will be formed with a liaison from each department in order to establish an inventory of records and create department specific records management procedures and oversight, improving compliance with the CO2 retention schedule.

   April is National Donate Life Month with the theme “Life is a beautiful ride.” Keville would like to plan a raffle to win a free ride (i.e. limousine, plane, hot air balloon) for those that sign up to be organ donors in the month of April. The County Attorney’s Office will review the related liability and raffle concerns. Keville also wants to also educate residents that a heart on their license doesn’t necessarily mean they are registered to be a donor; the appropriate paperwork must be completed and submitted for their wishes to be officially recorded.

   Kim Lawrence has been appointed as the 3rd Senior DMV Representative. The Clerk’s Office is shredding old deed books after being digitized, eliminating redundancy. Judge McDermott will be retiring before August 4, 2019.

   The DMV is down a little from last year due in part to being short staffed (vacations, illnesses, new employees in training). To catch up on dealer work, some employees have been working an extra 2 hours per week, which is covered within the department’s budget. With the new floor construction, Keville is looking at increasing the number of line guides in the DMV, including an express line for quick renewals. He is also looking at the installation of drop boxes for renewals.

   Keville has created and posted educational videos to Facebook that have been very well received, and has plans to do more.
III. County Treasurer:

2019 Sales Tax Report
Treasurer Cindy Edick presented the analysis of sales tax receipts, which shows us ahead of last year by almost $144,788 (3.92%). We increased our budget for 2019 base on the 2018 year end totals. Supervisor Moses questioned whether the state could take money back like it did last year. Edick stated that she has reached out to see if it should be a concern.

Department Updates
BAN renewal grant funds for the $4M Water Pipeline Project will be redeemed in April. The Clockville Water District #1 Comptroller application is being finalized. Real Property Director Marsala completed NACo’s High Performance Leadership Training.

GovPilot Update
The contract with GovPilot is not being renewed because they failed to upload the data requested, making it unusable. Real Property Director/Deputy Treasurer Rebecca Marsala recommends using the money budgeted for GovPilot to upgrade the Image Mate program, at a cost of $9K. The upgrade will provide a fillable PDF for RP-5217, integration with Systems East tax software and Pictrometry, link to Express Pay, and ASAP Program for assessors to run comparables. Marsala will prepare a resolution for the May Board.

Auction Properties
Marsala will begin posting foreclosure properties in May. There are 95 properties to date. She will be sending out the list after the April 30th final redemption date, so the number may go down.

IV. Finance Director:

Department Update
Finance Director Lou Anne Randall thanked the committee for allowing her to fill the vacant Junior Accountant position. Heidi LaSalle from the Sheriff’s Office, has accepted the position and will start on April 10th.

Randall reported that they are working on entries to close the AUD by April 30th.

Randall reported that according to BPAS Actuarial and Pension Services, Madison County is over budget with our healthcare reserve. The committee discussed concerns and options, including the possibility of a rate holiday to spend down our reserve. Degear stated that we need to find the right balance for Madison County and establish a fund balance policy. With our size and demographics, a reserve too low could be wiped out with a few claims. County Administrator Mark Scimone stated claims data will be provided for the Government Operations Committee to review.

V. Resolutions:

1. Adopting the Records Management Program
   Motion by R. Bargabos to approve the resolution; seconded by J. Reinhardt. Motion unanimously approved.

The meeting was called to order by Chairman Pete Waltrod at 11:00 a.m. in the Supervisors Large Conference Room.

Minutes:
The minutes of the March 21, 2019 meeting were unanimously approved on the motion of Supervisor Dan Degeat and second of Chairman Pete Waltrod.

Discussion – Single Point of Entry Security:
Undersheriff Lenhart advised the committee that we may need to add another officer if we add a baggage scanner and magnetometer at the single point of entry. Lenhart stated we will start with three officers and see how it goes but to be aware they will probably need a fourth person.

County Clerk Michael Keville explained that the added security would not make the building more meaningfully safer and would change the character of our County building. Keville stated how people come to Wampsville because we’re not like that. Undersheriff Lenhart indicated that even TSA checkpoints allow 95% of illegal contraband through. That is a 95% failure rate. Keville believes that the trade-off of only a slightly higher level of safety for such a significant added inconvenience would be the wrong move. Vice Chairman Bradstreet disagreed saying that safety was a major concern for all involved. It was announced that there will be no extra equipment and a minimum of three officers on for opening day. Keville asked the committee to consider allowing some time to get communications out to the public before implementing policies.

Director of IT Paul Lutwak added that there would now be large monitors in the front entrance which would be a deterrent as well as cameras at every entrance, exit and in the hallways. Lutwak suggested we consider placing signs around that say under video surveillance.

Director of Emergency Management Ted Halpin shared a handout with the Committee and discussed the Active Assailant Working Group Line of Effort. Halpin explained that there has been training on the use of duress buttons in each department.
Resolution:

Proclaiming April 2019 National Child Abuse Prevention & Sexual Assault Awareness Month in Madison County

The Committee unanimously approved the resolution on the motion of Bradstreet and second of Degear.

Adjournment:

The Committee adjourned at 11:48 a.m. on the motion of Supervisor Degear and second of Chairman Walrod.

Next Meeting Date:

Thursday, April 18, 2019 at 9:00 a.m.

Respectfully submitted by Tricia Wiley on behalf of Chairman Paul H. Walrod.

PRESENT:
Committee: Cliff Moses, Joe Magliocca, and Bill Zupan
Absent: Dave Jones (in other Committee meeting), and John Reinhardt
County Staff: Scott Ingmire, and Gwen Williamson

Meeting called to order at 11:50 A.M. by Moses.

A-1: **OIN Lease Agreement**: Oneida City desires to construct sanitary wastewater collection facilities on land currently owned by, and requiring a right-of-way from the Oneida Indian Nation (OIN). Until said right-of-way can be obtained, OIN has agreed to lease the land and right-of-way to Madison County in return for utilization of the Madison County Interoperable Communications System (MCICS). This agreement shall be for an initial term of 25 years.

The Committee approved a resolution authorizing the Chairman to sign a lease agreement with the Oneida Indian Nation of New York on a **MOTION** by Zupan and seconded by Magliocca at 11:50 A.M. 3/0/0

A-2: **Farmworkers Bill**: New York farms are ceasing to operate and struggling. Senate Bill 2837 and Assembly Bill 2750 call for collective bargaining rights of farm workers and would require overtime pay, which could cripple already struggling farm businesses by reducing net farm income by as much as 23.4%. The legislation would result in significant negative impacts on New York farms specifically, and the future of farming and agriculture in New York State.

The Committee authorized a resolution opposing New York State Senate Bill 2837 / Assembly Bill 2750 of 2019 on a **MOTION** by Magliocca and seconded by Zupan at 11:52 A.M. 3/0/0

Moses indicated that the next meeting of the Planning Committee will be April 18th. There had been discussion about moving the date, but it is confirmed for the 18th at 10:30 A.M.

Scott Ingmire noted that the resolution regarding the NY Power Authority related to the canal project is in the packet for today’s meeting, however, the contract is not yet in hand. Scott asked if the committee agrees that pulling the resolution would be the best plan. This will allow the attorney’s office to review the contract and Scott said that the time constraints are not an issue. The Committee agrees to pull the resolution from today’s packet.

A-3: **Adjournment**: The meeting was adjourned on a **MOTION** by Zupan and seconded by Magliocca at 11:54 A.M.

Respectfully Submitted: Gwen Williamson
