PRESENT:
Committee: Eve Ann Shwartz, Roger Bradstreet, Rocco DiVeronica, Dave Jones, and Joe Magliocca.
Supervisors: Dan Degear
County Staff: Melissa Martel Felton, Mark Scimone, and Gwen Williamson
Additional Present: Bill Buchan

Meeting called to order at 1:06 by Shwartz

The Committee unanimously approved the December 18, 2018 meeting minutes on a MOTION by Bradstreet and seconded by Jones at 1:06 A.M. 5/0/0

A.2-3: Dan Degear spoke in support of the resolution in today’s packet about addressing the lack of cellular phone coverage in New York State. Inadequate cell service affects costs, infrastructure, safety, economic development and more. Degear stressed the need to continue the focus on broadband upgrades, but cellular service is just as important. It was noted that the two issues are intrinsically connected. This resolution is “step one” toward raising awareness.

The Madison County Public Utility Services Committee unanimously approved a resolution calling on Governor Andrew M. Cuomo and the NYS Legislature to address the lack of cellular phone coverage for all New York State residents and visitors on a MOTION by DiVeronica and seconded by Magliocca at 1:13 P.M. 5/0/0

Degear out 1:14

A-1: Eve Ann Shwartz explained the proposed strategy to negotiate a new franchise agreement contract for the combined group of Brookfield, Cazenovia, Lincoln, Georgetown, and City of Oneida. These five entities have agreements that are expired or will expire in 2019. There are three specific points of negotiation for the following desired results:

1) Establish 5% as the percentage for everyone
2) Contract period change to 5 years
3) Include clearer language about how individuals can request costs to expand coverage to their location

Melissa offered to send copies of the franchise spread sheet out to all on this committee.

Bill Buchan said that any homeowner can request an “Aid to Construction Cost Survey” and it must be provided within 30 days. Dave Jones is aware of someone in Fenner who made this request and they received a “huge estimate”. Bill Buchan was advised by Carol McTeague that there is a cost break point (Reg:895) at 35 houses per aerial (linear) mile for a less expensive estimate. This cost break point refers to cable only.

There was discussion about using the franchise fee to expand services, how to be equal, and not appear to be “gifting” some with service and not others. Buchan said that a Local Law may go a long way to help on this issue. Buchan also noted that once the service is installed there is no long term obligation by the consumer. There is a cable/TV act that has nothing to do with internet. Magliocca asked if NYS Home Rule would overrule these acts. Could we get internet services elsewhere?
Carol McTeague had asked if everyone is willing to work together for a collective agreement. It was suggested to recruit as many communities as we can. Three Counties (Wayne, Tompkins and Schoharie) were successful in a collective agreement. Shwartz suggested getting the people who worked on that agreement to come talk to this committee and the supervisors from the towns included in our collective agreement. Then we would do a Board resolution.

Magliocca suggested sending word to all the supervisors asking that they not re-sign any franchise agreements. They need to be made aware of this situation.

It was asked if the franchise agreements automatically renew if not signed, and Buchan shared that they do not.

The franchise agreement spreadsheet was reviewed and it was determined that Fenner, Smithfield and Sullivan should be included in the collective group.

Summary: The Committee plan of action is to:

- Tidy up the agreement spreadsheet for future sharing with supervisors
- Reach out to Schoharie County for possible meeting
- Ask Carol McTeague for copy of the new agreements
- Request Executive Session at Board of Supervisors’ April meeting for contract negotiation
- Shwartz to contact supervisors of municipalities that have expiring contracts
- Melissa to contact Becky Marsala to determine why she asks supervisors for franchise revenue data
- Hold off on request for coverage maps, however, Shwartz will draft the letter for supervisors

A-2: Shwartz requested a status report from Jaymie in the Purchasing Department regarding the response on RFP 619 Broadband Consulting Services. Eve Ann reported that the response seems to very good so far.

Mark Scimone reported that he had been in touch with the State Broadband Office twice regarding suggested changes. Changes were made and Mark is still awaiting an updated response. Mark will stay on top of this.

New Business: 1) The article titled “A.G. Underwood Announces Settlements Establishing Industry-Wide Standards for Marketing Internet Speeds” was read and reviewed. Page two of this document addressed specific terms for Frontier:

> "Frontier communications is required to spend no less than an additional $25 million to upgrade its network infrastructure upstate to relieve congestion and improve service. Frontier also agreed to a series of specific requirements, including the obligation to advertise speeds as a range and to refund half the future fees paid by any customer who is not capable of receiving 100% of the speed they were told they would get."

Shwartz said that we need to get the specifics of who is charged with monitoring and enforcing this agreement.

Magliocca commented that this does show precedent. Buchan observed that whatever they did show should fall under the Freedom of Information Law. Scimone asked Buchan to draft a letter from the Committee requesting assistance from Ryan Moses, John Salka, and Rachel May.

Bradstreet out

The next scheduled MCPLUS meeting will be held on March 21, 2019 at 1:00 P.M. in the Supervisors’ Conference Room.

Shwartz commented on the USDA funding for Rural Broadband Access (Agenda Item 2:2). Eve Ann said that Madison County appears to be excluded.

The meeting was adjourned on a MOTION by DiVeronica and seconded by Magliocca. 4/0/0

Respectfully submitted: Gwen Williamson

Committee: Cliff Moses, Dave Jones (10:43), Joe Magliocca, John Reinhardt and Bill Zupan
County Staff: Karin Bump, Cindy Edick, Melissa Martel Felton (11:07-11:35), Scott Flaherty, Kipp Hicks, Scott Ingmire, Tom Reichel, Tess Southern, and Gwen Williamson

Meeting called to order at 10:31 A.M. by Moses.

A-2: Cindy Edick presented the Sales Tax Update. The 2019 receipts exceed the 2018 receipts by 4.34%. Cindy noted that the most recent distribution was higher than is typical and she wasn’t exactly sure why, however, these receipts tend to level out over time.

A-3: Tom Reichel presented the Career Center Update. The traffic at the center is decreasing as seasonal workers return to work. Unemployment stands at 5.2% as of the end of February, but that number will decrease as the stats begin to reflect the seasonal workers. The Career Center has been in conversation with Onondaga College to bring back the mobile training unit, tentatively planned for a session in the September-November time frame. More information to follow as it becomes available.

A-4: Kipp Hicks presented the IDA Update. Kipp noted that the Green Empire Farms project is moving along very quickly. Phase I may be done as early as July. Kipp, Scott Ingmire, and Mike Ellis are working on updating the maps of the remaining Elm Street parcels for use with future marketing and development. The Harbor Lights site is having to overcome some wetland issues and is working on it. The ARE Park “Plastics to Energy” RFPs are due by the end of the month. There is some concern over the recent legislation titled The Finger Lakes Community Preservation Act as it relates to incineration facilities.

Becker in 10:40

Hicks attended a meeting regarding marketing for the Trush Business Park. The Regional Economic Development Council is working on a possible Ag, Competition for the NY Southern Tier and CNY Finger Lakes regions. There would be competitions for the division of up to five million dollars and it would be spearheaded by Cornell University. Kipp will bring more details as they become available.

Jones in 10:43

A-5: Karin Bump presented the CCE Update. Karin announced that Jennifer Farwell is leaving AED and is wished well on her new position. A search for her replacement will begin soon. CCE is working with the Career Center to discuss the process for hiring youth as employees for farms and how to get the word out for open positions at farms. Karin was asked to speak before the Town and County Highway Departments recently and they discussed signage options for roads during heavy farm traffic times. Signs are needed alerting traffic to slow moving vehicles and road debris issues such as mud left on the road from tractors and farm equipment. Karin will continue working on this with the departments mentioned above and she will also contact Dan Davis. Karin asked if Madison County could share something about it on the website or Facebook page.
There will be a meeting with Ted Halpin on May 10th from 1:00-3:00 for emergency/1st responders regarding farm and large animal response. Issues that may be addressed include topics such as where to park emergency vehicles upon arriving at the scene, and how to handle animal evacuations, and safety issues. Karin met with the Madison County Fair Board. The hours of the Larkin building activities will be reduced this year and the ribbon cutting may be moved to 6 PM to encourage more attendance. CCE proposed a discounted ticket program for youth camps and youth program attenders which seemed favorably received. Karin shared some information from the recently received Ag Census data. She will have an infographic for the next meeting. Moses requested that she email the information to Planning and it will be sent along to the Planning Committee.

A-6: Scott Flaherty presented the Tourism Update. Flaherty distributed copies of the 2019 Annual Report. Scott highlighted the Madison County Tourism Strategic Plan 2019-2023 which is included in the report. Bono in 10:59
Scott shared some quick screen shots from the advertising campaigns, highlighting trails and camping.
Scott said that there are 90 people signed up to attend the ‘Tourism Annual Dinner’ tonight.

A-7: Scott Ingmire presented the Planning Department Update. The Planning Department is extremely busy with many grants right now. Scott is working on the Public Transit Audit. Several of the resolutions in today’s packet are pertaining to these grants. Degear and Martel Felton in 11:07

RESOLUTIONS:

A-10: The Committee approved a resolution authorizing the modification of the 2019 adopted County budget (Reimagine the Canals) on a MOTION by Reinhardt and seconded by Zupan at 11:11 A.M. 5/0/0 Bono out 11:11

A-11: The Committee approved a resolution authorizing the modification of the 2019 adopted County budget (Clean Energy Community) on a MOTION by Jones and seconded by Zupan at 11:12 A.M. 5/0/0

A-12: The Committee approved moving forward a resolution creating two temporary vegetation harvester operator positions in the Planning Department by consensus. 11:14 A.M

A-13: The Committee approved a resolution authorizing the County to provide aquatic harvesting services to Madison County Lakes on a MOTION by Jones and seconded by Magliocca at 11:17 A.M. 5/0/0

Additional Item: Scott Ingmire explained that a small fee of $50.00 per hour is charged back to the lake associations for the harvesting services. There is also funding in the FL-LOWPA grant to cover some of the expenses including wages and fuel for the program. Scott proposes paying for the program from the grant and allocating the money from the associations to a reserve account for future use. There was discussion regarding which type of reserve account to set up: for repairs or replacement of equipment. Cindy Edick said that if we set up an account with the intent for it to be used toward replacement of the harvester and the board decides in the future that it does NOT want to replace the machine, the money can be allocated to a different reserve account (a repair account could be set up for this if needed). The Committee expressed consensus to set up a “replacement” reserve account, and to have Cindy Edick draft a resolution to go before the June Board meeting.
A-14: The Committee approved a resolution authorizing the modification of the 2019 adopted County budget (MC Parks – Delphi) on a MOTION by Magliocca and seconded by Reinhardt at 11:31 A.M. 5/0/0

A-16: Agenda Resolutions that will be submitted for preferred agenda are 8, 9, 13, and 15.

A-17: New Business:

Scott Ingmire presented information regarding a revision of the Gas Line Easement on Elm Street to National Grid as follows: In Section 3, the wording will change from “60-foot wide permanent easement and a 20-foot wide temporary construction easement” to “a 20-foot wide permanent easement and a 60-foot wide temporary construction easement”. Exhibit A is to be a map of only the area of the easement location on the County property and not the entire gas line.

A-18: The next scheduled Planning Committee meeting will be May 23, 2019 at 10:30 A.M. in the Supervisor’s conference Room #250.

A-19: The meeting was adjourned on a MOTION by Reinhardt and seconded by Zupan at 11:39 A.M.

Respectfully submitted: Gwen Williamson

LGBTQIA Youth Activities Group. This group was moved to the Hamilton area based on interest. It had been in Oneida previously. The Cornell Cooperative Extension project is a pilot program at the elementary school. This program is only open to children who have been identified by staff as benefiting from this service. Questions were raised in the meeting such as, how do we know that the children who truly need this after school program are the ones who will attend it, how are children referred/identified for the program and is transportation provided. The Committee discussed the possibility of the Board revising the contracts to include county funding in the amount of $9,000. *In reference to questions raised about the CCE after school program, after the meeting, Director Louis referenced the application which states, “Students may be enrolled in Growing Life Skills through 4-H Cloverbuds at any time in grades K-2. Although all students will be invited to participate, students who are identified through the school’s Instructional Support Team as benefitting most from this type of program will be targeted for participation. This will be done through contacting the child’s family directly.” Director Louis also reached out to Debra*
Dushko, the Elementary Principal at Edward R. Andrews Elementary School in Morrisville, who provided additional information on how students were identified for the after school program: “We specifically identified students to send formal invitations to. The Director has followed up on the few who didn't return their slips. We have 23 registered and attending with more forms coming in. We sent out 30 initially to target the highest need Tier II kids first. We are working on getting volunteers lined up as the college kids are no longer available. Once that happens, we will expand beyond 30. The kids love the program so far so I anticipate that they will continue coming. We actually added special transportation to the program so that it would be convenient and kids would be on the bus a shorter time than they would have been had they ridden the regular late bus. This ensures any child who needs the program can participate.”

Chairman John A. Reinhardt called the meeting to order at 9:01 a.m. in the Supervisors Large Conference Room.

I. Approval of Minutes:
   Motion by C. Moses to approve the minutes of the March 28, 2019 meeting; seconded by M. Cavanagh. Motion unanimously carried.

II. County Clerk:

   Department Updates

   County Clerk Michael Keville presented a resolution to create a temporary part-time motor vehicle representative position in the County Clerk’s Office. Dealer transactions are lagging because of personnel shortages and increased seasonal counter transactions. With the anticipation of additional vendors bringing approximately 800 deals in the spring and fall to our DMV, further delays are possible. A part time, seasonal employee working 18 hours per week would help ease the overload and allow for the increase in revenue. Dealers have expressed frustration with the service at other DMVs and are open to utilizing Madison County DMV for their transactions. To further increase revenue in the future, Keville is considering a courier service to pick up addition dealer work by enticing larger, out-of-county dealers to our DMV. Keville is willing to act as the courier in a temporary, trial basis through the end of the year to see if the impact to revenue would be worth adding the expense in 2020.
   A motion was made by M. Cavanagh to move the resolution to the Government Operation Committee; seconded by C. Moses. Motion unanimously approved.

   April has been a busy month for the DMV. The number of transactions increased to 13,000 in 2019 from 11,000 in 2018. The total gain from DMV for the first quarter was only 2%, the 21% increase in April brought the YTD increase in DMV up to 7%.

   Accounting for Clerk’s Office books from 1913 to present are no longer needed since they are past their 6 year retention. Rather than dispose of the books, Keville will be selling them at the County’s Celebration in May for $25.00 a book or $2.00 per page.

III. County Treasurer:

   2019 Sales Tax Report
   Treasurer Cindy Edick presented the analysis of sales tax receipts, which shows us an increase from last year by $267,953 (4.34%).
Tobacco Settlement payment was budgeted at $800,000, but actually came in at $807,156. Although this amount continues to decrease, it is still above the projected budget.

Public Facilities has requested a special meeting as additional funding is needed from construction contingency for a new flag pole and security scanner.

**Auction Properties**

Real Property Director/Deputy Treasurer Rebecca Marsala reported that April 30, 2019 was the final redemption date for the 2017 taxes. Of 75 parcels posted during the month of April, 31 were paid. 91 parcels are still unpaid and scheduled for auction. $2.4 million in unpaid taxes has been collected via Xpress-pay since 2015, proving this to be a favorable method of payment.

IV. Finance Director:

14. Opposing Senate Bill S1747 and Assembly Bill A3675
    Discussion: Vice Chairman Dan Degear believes this resolution could be divisive for our Board and that we shouldn’t do anything unless there is an impact to the County. County Clerk Michael Keville stated that while licensing and insuring undocumented individuals may make roads safer for our residents, the adoption of the Driver’s License Access and Privacy Act will create numerous security risks, open the door for voter fraud, and is in violation of the U.S. Constitution. Degear asked that the resolution be revised to remove the political and divisive language, highlight the issues, and bring it to the Committee of the Whole for further discussion.
