Madison County Enters Phase 3 of Reopening

Wampsville, NY – Governor Andrew Cuomo announced today that the Central New York region can reopen for Phase 3 beginning tomorrow, June 12, 2020. Madison County says we are ready. Phase 3 includes the reopening of personal care industries such as nail salons and tattoo parlors, as well as food service so restaurants can open for indoor seating up to 50% capacity.

“We are open! Madison County has been working regionally with Onondaga, Oswego, Cayuga, and Cortland Counties to make sure we can get our communities back to work and back to business,” said Chairman Becker. “We continue to reach all of our metrics laid out by the state. And we are glad to see that the Governor recognizes the hard work of the residents of Madison County.”

“We have worked hard as a community to limit the spread of COVID-19. Since June 4th, Madison County has had less than 15 active cases. Our fight is not over, but we are one step closer to the end of this,” said Public Health Director Eric Faisst. “It is important to remember that we need to continue to wear face coverings when you are unable to maintain social distancing and to practice good hygiene.”

To see the most current Madison County COVID-19 Workplace Recovery Guide, toolkit for employers, and guidance for the community visit the Health Department’s website at <https://www.madisoncounty.ny.gov/2584/Recovery>. This guide is a working draft that will continue to be updated as more information becomes available.
