NOTICE TO ALL AFFECTED INDIVIDUALS

Affected Individuals (as defined herein), and all Medicaid recipients of services from Madison County, have the ability to pose compliance-related questions and report potential non-compliance within the organization anonymously and/or confidentially without fear of retribution or intimidation. Questions regarding this Corporate Compliance Plan, the Compliance Code of Conduct, Madison County's Code of Ethics (as applicable), or reports of any actual or suspected compliance/ethics related matter may be directed to the Corporate Compliance Officer by telephone at 315-366-2832 or by email to Christina.kennedy@madisoncounty.ny.gov.

Affected Individuals (as applicable) are encouraged to report concerns to their Department heads or direct supervisors, as well as other members of senior administration, which are required to report issues of actual or suspected non-compliance to the Corporate Compliance Officer. If an individual believes that he or she has identified a potential compliance/ethics violation that concerns their immediate supervisor, or feels uncomfortable discussing the matter with their immediate supervisor, manager or director, does not receive a satisfactory response, or does not want to disclose their identity, they should feel free to contact the Corporate Compliance Officer to discuss the matter. If your concerns are not addressed in a timely manner and/or you do not receive a satisfactory response, the next appropriate step would be to bring your concerns to the County Administrator, and if still not addressed, to the Board of Supervisors.

Individuals may also contact any member of the Corporate Compliance Committee or utilize any of the other reporting methods identified in the Compliance Plan or in the County's Compliance Policy, "*Reporting of Compliance Concerns, Non-Intimidation and Non-Retaliation*". All reports will be handled and maintained in a manner to ensure confidentiality¹, and any requests for anonymity will be honored.

¹ The confidentiality of persons reporting compliance issues will be maintained unless the matter is subject to a disciplinary proceeding, referred to, or under investigation by, MFCU, OMIG or law enforcement, or disclosure is required during a legal proceeding or otherwise required by law (18 NYCRR § 521-1.4(e)(4)).

I. POLICY STATEMENT

Organization Overview

Madison County (also referred to herein as the “County”) is governed by a 19-member Board of Supervisors, consisting of the 15 town supervisors, and 4 city supervisors elected from the 4 wards of the City of Oneida. The County's Chairman of the Board of Supervisors (or Chief Elected Officer (CEO)) is selected by a vote of his or her peers on the board. The Board of Supervisors appoints a County Administrator who performs the functions of the chief administrative officer and is responsible for the overall administration of the County Government, including overseeing the County departments. Most administrative departments have single appointed heads (Social Services, Public Health, Mental Health, etc.). There are also several State constitutional positions that are separately elected officials with County-wide jurisdictions, including a Sheriff, County Clerk, Treasurer, Judges, and District Attorney. Many of the departments, such as Social Services, directly interact with the public. Some departments, such as Information Technology, perform an internal service to other departments.

Mission Statement of Madison County

The mission of Madison County government is to create, promote, and maintain a safe, dynamic, economically viable, and socially responsive community for the present and future residents of Madison County.

In pursuing this mission, Madison County's officers and employees shall strive to be imaginative, efficient, non-partisan, and cost-effective in providing quality government and services, and are committed to providing those services with the highest ethical, business and legal standards.

Corporate Compliance Overview

Preventing, detecting and correcting fraud, waste, and abuse activities is an important fiduciary responsibility of Madison County. Madison County meets the criteria established by the Office of the New York State Medicaid Inspector General (OMIG), which requires the County to establish and operate an effective Corporate Compliance Program as a condition of payment under the Medicaid program.

As such, Madison County adopted a Corporate Compliance Plan in December 29, 2009, to help ensure that the County maintains a high level of honesty and ethical behavior in all aspects of its delivery of services and relations with clients, third party payers, representatives, agents and independent contractors. This Plan supersedes Madison County's previous Corporate Compliance Plan.

It is the County's intent to reasonably design, implement and maintain an effective Corporate Compliance Program that will disclose, prevent, detect and correct misconduct, including non-compliance with Medicare and Medicaid requirements, as well as measures that prevent, detect and correct fraud, waste and abuse. All Affected Individuals are expected to understand and adhere to this Corporate Compliance Plan, applicable policies and procedures, including the Compliance Code of Conduct, as well as Madison County's Code of Ethics attached to this Plan as **Appendix A** (as applicable).

This Corporate Compliance Plan was designed to comply with applicable compliance program requirements, including the requirements of Social Services Law § 363-d and 18 NYCRR Subpart 521-1, and is designed to help Affected Individuals understand these requirements. This Plan will assist Affected Individuals in making appropriate decisions when faced with compliance issues. This Plan is grounded in Madison County’s mission statement that governs how it conducts business.

Madison County has adopted the following definition of Corporate Compliance:

“A Corporate Compliance program is a system which is designed to detect, prevent and correct systemic problems and violations of law, including non-compliance with Medicaid and Medicare requirements, and measures that prevent, detect and correct fraud, waste and abuse, as well as the likelihood of illegal and unethical activity by Affected Individuals.”

Madison County will transact its business in a legal and ethical manner and in compliance with the laws of the jurisdiction in which it does business, including local, state and federal jurisdictions. As a governmental entity, Madison County will conduct business in compliance with all IRS regulations governing tax-exempt organizations and refrain from any private inurement and benefit issues. Instances where questions arise concerning interpretation or applications of laws and regulations should be referred to the County Attorney.

As defined by OMIG, “Affected Individuals” means all persons who are affected by the required provider’s risk areas including the required provider’s employees, the chief executive and other senior administrators, managers, contractors, agents, subcontractors, independent contractors, and governing body and corporate officers².

For purposes of the County’s Compliance Program, and as used in this Corporate Compliance Plan,

“Affected Individuals” of Madison County include: all persons affected by Madison County’s risk areas, including: employees of certain County Departments/Programs, the County Administrator and other senior administrators and managers of the County, members of the Board of Supervisors, and corporate officers and certain elected officials, and Class A Contractors³, as further defined on Attachment 1, as appropriate.

For Class A Contractors, their agreements with the County will include the right to terminate the agreement in the event the Contractor fails to comply with the County's Compliance Program as it relates to the risk areas potentially affected by the Contractor.

Appropriate disciplinary measures and procedures shall be determined on a case-by-case basis, and may involve the advice of legal counsel, and/or consideration and direction from outside third parties (e.g., governmental policy, law enforcement agencies), including fines, reimbursement of funds and/or criminal prosecution.

IX. CONFLICT OF INTEREST POLICY

The County has implemented a Conflict of Interest Policy for all Affected Individuals not subject to the County's Code of Ethics, which includes Class A Contractors. The purpose of the County's Conflict of Interest Policy is to ensure that Madison County's services and business activities are conducted in an objective manner and are not motivated by a transaction or arrangement that might benefit the private interest of an interested person or entity. This policy is intended to supplement, but not replace, any applicable federal or state law or regulation governing conflicts of interest. A conflict of interest may occur in any situation where your outside activities or personal

interests or relationships compromise or appear to compromise your ability to make objective decisions in the course of your responsibilities for the County. It is your obligation to ensure that you remain free of conflicts of interest in the performance of your responsibilities for the County. If an Affected Individual has any question or concern about a potential conflict of interest, they should promptly contact the Corporate Compliance Officer, or any member of the Corporate Compliance Committee or their supervisor, who can seek guidance from the Corporate Compliance Officer. Any Affected Individual subject to this Conflict of Interest Policy will be required to complete a Conflicts of Interest Disclosure Statement, copies of which shall be provided to the Compliance Department and used to monitor future conduct.

X. WHISTLEBLOWER PROTECTION

The Whistleblower Protection is intended to encourage good faith participation in the Compliance Program and enable Affected Individuals to promptly raise questions or concerns. Any individual who reasonably believes and/or who, in good faith, raises questions or reports concerns about any ethical, legal, and/or regulatory issue, problem, concern or violation (including an actual or suspected violation of laws, regulations, or policies, including the Compliance Plan or Code of Conduct) may do so without concern for retaliation or intimidation, or disciplinary action (or in the case of employees, no adverse employment consequence or threat of an adverse employment consequence).

Affected Individuals will not be subject to reprisals for good faith participation in the Compliance Program, including but not limited to reporting or supplying information about potential compliance violations, participating in investigations, self-evaluations, audits and remedial actions, or reporting to appropriate officials as provided in Sections 740 and 741 of the New York Labor Law, excepting cases where such individual is responsible for the violation or when deliberate false reporting has occurred. Affected Individuals are also protected under this provision and the False Claims Acts against any form of retaliation or intimidation for reporting fraud, waste or abuse to the appropriate federal or state entities or filing a False Claim lawsuit, which protects such individual who files a false claims lawsuit from being fired, threatened, harassed, or other forms of retaliation.

Any allegations that prove not to be substantiated and that prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

Any Affected Individual who attempts to commit, commits, or condones any form of intimidation or retaliation against someone who has reported a suspected violation is subject to disciplinary action up to and including termination of employment or disassociation with Madison County. It is expected that Affected Individuals will act in accordance with the Code of Conduct, must refuse to participate in unethical or illegal conduct, and will fully cooperate with any investigation of potential violation.

The New York Labor Law also protect representatives from retaliatory practices. Additional details regarding the Federal and State fraud and abuse and whistleblower protection laws, including employees' protections, rights and obligations under Sections 740 and 741 of the New York Labor Law is available in the County's Compliance Policy, "*False Claims Act and Whistleblower Provisions*".

The Corporate Compliance Plan has been prepared as part of Madison County's Compliance Program and outlines the broad principles of legal and ethical business conduct embraced by Madison County, and as mandated by the NYCRR Title 18 Subpart 521-1 regulations, requiring an effective Compliance Program. This Plan is not a complete list of legal or ethical questions you might face in the course of business, but is designed to provide helpful guidance to Affected Individuals in reaching legal and ethical solutions to problems faced on a daily basis in your work on behalf of the County and should be used together with your common sense and good judgment. For specific guidance in certain areas covered by this Plan, Madison County Mental Health Department and Public Health Departments have also adopted detailed policy and procedure manuals. For any questions or concerns you may have with respect to your obligations and responsibilities under this Compliance Plan and the Compliance Program, you should contact the Corporate Compliance Officer or your supervisor or Department Head, who can seek guidance from the Corporate Compliance Officer as necessary.
