

MADISON COUNTY OFFICE OF EMERGENCY MANAGEMENT

The **Madison County Office of Emergency Management (OEM)** is the managerial function charged with creating the framework within which communities reduce vulnerability to hazards and cope with disasters.

OEM Mission: Emergency Management protects the whole community by coordinating and integrating all activities necessary to build, sustain, and improve the capability to mitigate against, prepare for, respond to, and recover from threatened or actual hazards and disasters.

The threat of hazards and disasters, both natural and man-made, requires continuous attention from the whole community. **Madison County OEM** accomplishes our mission by **providing training and operational support** to:

- Fire Departments
- EMS Agencies
- Law Enforcement Agencies
- Local Governments
- School Districts
- Colleges/Universities
- Private Industries
- Public/Citizen Preparedness

Madison County OEM also includes the **Madison County Public Safety Answering Point (PSAP)**, aka the **911 Center**. The PSAP is operational 24/7 to ensure that a well-trained public safety communicator will be there to answer *your call* for help.

HOW PREPARED ARE YOU AND YOUR FAMILY?

Do you know how to receive emergency alerts and warnings? Where can you find the most up to date information?

Do you have an emergency plan? Where will you and your family go in the event of an emergency? How do you contact each other?

Have you made a Home Emergency Kit? What about an Emergency Go Bag? Do you have a basic First-Aid kit?

Find the answers to these questions, and how to prepare your family for when disaster strikes at www.madisoncounty.ny.gov/em.
