

Maternal Child Health Program

OF MADISON COUNTY PUBLIC HEALTH

SUPPORT FOR PREGNANT AND POSTPARTUM FAMILIES AND THEIR NEWBORNS

How can the program help me and my baby?

- Help you find relief with common complaints of pregnancy
- Teach you about signs of labor and danger signs
- Answer your pregnancy, infant care and parenting questions
- Connect you with community resources like WIC, Healthy Families and childbirth classes
- After delivery, check your baby's weight and growth milestones
- Offer lactation support

The cost is covered through insurance.

From one of our patients...

"My nurse is fantastic. She has been an incredible service to us before delivery and postpartum. She is very passionate about her work, kind, and caring. We are very thankful that she shared such relevant knowledge. We are better parents because of her."

Meet our Maternal Child Health team...

We look forward to being part of the team to support your growing family.
