FOLLOW THE INSTRUCTIONS BELOW

- Open your map application, for example Google Maps, on your desktop or smart phone
- Select the option for Satellite View
- Stand in the physical location where the center of the new driveway meets the roadway (**You must be standing outside, you cannot be in a vehicle.**)
- Zoom in on the image showing driveway location in relation to the road and take a **Screenshot**.
- Zoom out on the image and take a **Screenshot** of the overall area

OR

- Using your map application, drop a pin where the driveway meets the roadway. GPS Coordinates are displayed as Latitude & Longitude. Take a **Screenshot** with GPS coordinates displayed.
- Zoom out on the image and take a **Screenshot** of the overall area

- Submit **Screenshots** with your 911 Address Application Request Form
