SPEAKERS

R. Mark Fenton—Keynote Speaker

National Expert on Healthy Community Design

Mark Fenton is a public health, planning, and transportation consultant who is trying to help America find its way to more active and more livable cities, towns, and neighborhoods. He works with organizations and communities around the country to build environments, policies, and programs that help to create places where more people walk, bicycle, and take transit more of the time. And it's not just about healthier people.
