Madison County issues a Travel Advisory

Wampsville, NY – Due to freezing rain and low temperatures Madison County Sheriff Todd Hood has issued a travel advisory for Madison County until 8:00 AM January 8, 2019.

The 'No Unnecessary Travel' advisory does not restrict travel but urges motorists to avoid driving due to hazardous conditions. If you are on the roads please take extreme caution, give yourself extra time to arrive at your destination and plenty of room to stop when approaching intersections and other vehicles.

All primary and secondary roads have iced over due to the freezing rain. Crews are working to the best of their ability.
