

# ONE PERSON CAN MAKE A BIG DIFFERENCE

...when it comes to saving our environment. The County's recycling program has succeeded because of resident participation and an effective recycling education program.

Continue to do your part by picking up the **NEW and UPDATED Recycling Guide**, which contains the Madison County Landfill Regulations and fee schedule for County residents.

They are available the Department of Solid Waste's main office on Buyea Rd. and at the lobby of the County Office Bldg. They will soon be available at all town and village clerk's offices.

**REDUCE,  
REUSE,  
RECYCLE**
