

## **Yellow Mail Check Cards**

In Late July the Board of Elections mails a postcard to the registered voters throughout the county. This mailing confirms the voter's address and provides information on election districts, dates and pollsites.

Please review the information on the postcard:

If it is addressed to a person that no longer lives there, mark the card accordingly and send it back to our office (return mail).

Note your election district.

Although the primary date is listed on all postcards, only the Republicans in the towns of Brookfield & Sullivan will have primaries on September 13, 2016.

Review the pollsite name and address for any changes.

Every voter will not receive a yellow postcard. Any person who has registered or made a change to their registration in the first 6 months of 2016 will not be on the mailing list.

If you have any questions or concerns, call our office at 366-2231
