**RFP-MC-2015-0003**

Date: July 31, 2015

## **PROFESSIONAL ENGINEERING SERVICES FOR DESIGN AND CONSTRUCTION INSPECTION OF BRIDGE, HAM 503 (BIN 3308550) SOUTH HAMILTON ROAD OVER PLEASANT BROOK**

### Addenda 1

Below please find the questions and responses that have been received on this project.

**Q:** Can the existing bridge be closed during construction and traffic detoured around the site or is staged construction required?

**A:** The bridge will be closed during construction with an off-site detour.

**Q: Section 2F Scope of Work – Right-of Way** – the RFP indicates that there will be ROW mapping or acquisition required for the project and the consultant will be responsible for providing these services. Since the selection of the consultant is partially based on price (Section 6B), is there a number of property acquisitions (TE, PE, and FEE) that should be “assumed” when preparing the proposed hours and cost?

**A:** The consultant should assume that there will be two property acquisitions in fee required for the realignment.

**Q:** Could you verify that our cost proposal should be in a separate, sealed envelope? It states that information in *Section 4. iii* on page 5, but on page 8 of the RFP it indicates that “...all listed items in the sequence indicated” and does not specify that *3. Pricing and Terms* be submitted separately.

**A:** Please place your cost proposal in a separate sealed envelope and insert that envelope into Section 3 of the “ORIGINAL” proposal documents.

As a reminder, sealed proposals for this project will be received at the Office of the Purchasing Agent, 138 North Court Street, County Office Building, Building 4, Wampsville, NY 13163 until two (2) o’clock P.M. (local time) on August 6, 2015. Madison County Reserves the right to reject all Proposals.
